Classroom 360 is dynamic, intensive 3-day training in the use of research-based strategies to address the critical areas of instruction for students with autism. Participants will gain knowledge to assist in providing quality services to their students and receive a wide range of teaching materials to support their work in the classroom. The 360 trainers bring a multitude of years of training and experience in the areas of ABA, Structured Teaching, Communication, Positive Behavior Supports, and Academic strategies to enhance student learning. The focus of Classroom 360 training is to address the needs of students with moderate to severe autism receiving instruction in elementary classrooms.

Agenda: (The order of topics may be rearranged to meet to needs of the training group.)

- Day 1:** The Effects of Autism on Learning & How to Structure the Environment to support learning and promote positive behaviors.
- Day 2:** Functional communication training and Teaching Reading
- Day 3:** ABA in the Classroom: Using research-based procedures to increase academic learning and appropriate behaviors.
